**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In my neighborhood there is only one choice for internet that can deliver reasonable speeds for a first-world country, and that is Comcast. Comcast has been consistently ranked the worst brand for customer services for years running. Why? Because they have no pressure to serve consumers. I would not wish this on anyone.

Of course, I am somewhat loathe to share this story, as I know stories like this just get corporate lapdog Ajit Pai more excited, he is doubtlessly rubbing his hands with glee at the thought of bilking consumers for the benefit of his corporate sponsors. However I share this in the hope there are still commissioners with some shred of dignity to stand against this obvious stripping of competition in broadband.

Thanks!
